"Your Bi-Weekly Construction Update"

Construction Update:

Volume 1, Issue 8, 9/25/09

The building and site are transforming daily and it is a thing of beauty. Today, the masons have finished the majority of their work and are demobilizing. We will now start to install the roof structure before the rain starts. In the meantime, the team is finishing up the soccer field, street improvements, and the south parking lot.

09/15/09 - Aerial View Looking South

09/16/09 - Installing vapor barrier for our 1st slab pour

09/22/09 - First SOG pour

09/16/09 - Setting the embeds for the Social Hall glu-lams
